Dear Madam Chairwoman Delabreau:

Thank you for your December 13, 2016, letter regarding Aquila Resources Inc.'s Back Forty Mine Project. Your letter expressed concern regarding the Michigan Department of Environmental Quality's (MDEQ) consultation with your tribe on the project, specifically with regard to the level and manner of consultation.

The "meaningful tribal consultation" standard that you reference in your letter was set by the federal government to govern tribal consultation by federal agencies with respect to federal agency decision-making. For example, when the United States Environmental Protection Agency (U.S. EPA) considers a wetlands permit under Section 404 of the Clean Water Act, it is bound by the federal consultation policy. But the MDEQ is not required to meet this federal standard of tribal consultation with respect to the Back Forty project. The MDEQ is an agency of the State of Michigan, not the United States. As you note in your letter, the MDEQ operates under "delegated" authority in making decisions about wetlands permits. But when the MDEQ considers a wetlands permit, it does so as a state agency administering state law, specifically Part 303, Wetlands Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451) [See, e.g., 33 U.S.C. § 1344(g)(1)]. The MDEQ does not act as a federal agency and does not make a federal agency decision. Therefore, it is not obligated to follow the federal tribal consultation policy. Region 5 U.S. EPA staff have confirmed that the MDEQ's understanding on this issue is correct, and they specifically have informed the MDEQ that the U.S. EPA would never have delegated this authority to the State. This tribal consultation responsibility is retained by the U.S. EPA.

The MDEQ's tribal consultation obligations stem from the 2002 Government-to-Government Accord signed by then Governor John Engler and the twelve federally-recognized Michigan tribal governments. Enclosed is a copy of the Accord for your convenience. This Accord has been reaffirmed by Governor Rick Snyder as the means by which state agencies shall engage the Michigan Tribes. It includes reference specifically to tribal consultation (see Section V), and this is the process the state agencies are directed to follow. Additionally, in 2012 the MDEQ enacted a new Mining Policy outlining a process we have elected to follow in sharing information on mining permit applications with interested Michigan-based tribes and the U.S. EPA early in the permit review process.

While the MDEQ does not have an obligation under either the Government-to-Government Accord or the 2012 Mining Policy to engage Wisconsin's tribal governments in consultation, we have engaged in consultation with the Menominee Indian Tribe of Wisconsin on

numerous occasions over the course of our review of the Back Forty application. These meetings have included you as the Tribal Leader, along with several of your key staff. Our staff has even traveled to Wisconsin to meet with you. In addition, your tribe has provided written comments and feedback on the Back Forty application multiple times. Because we understand how important this issue is to you and your tribe, we elected to reach out and engage in government-to-government consultation, not because we were required to do so, but rather out of respect and courtesy to the Menominee Indian Tribe.

Given that the consultation responsibility for a Wisconsin-based tribal government rests with the U.S. EPA, we encourage your continued outreach and engagement with them on this issue.

Thank you for your correspondence on this important matter. If we can continue to provide clarity on Michigan's regulatory mining authority under Part 632, Nonferrous Metallic Mineral Mining, of Act 451, please do not hesitate to contact us. Mr. Joe Maki, who you already have met with from our Upper Peninsula District Office, is our Mining Coordinator, and can be reached at 906-250-4015; makij13@michigan.gov; or MDEQ, Oil, Gas, and Minerals Division, 1504 West Washington Street, Marquette, Michigan 49855. GOVERNOR

December 9, 2002

To the Members of the Michigan House of Representatives  
To the Members of the Michigan Senate

**Executive Message of Governor John Engler Regarding the  
2002 Government-to-Government Accord between the State of Michigan  
and the Federally Recognized Indian Tribes in the State of Michigan**

Dear Members of the Michigan Legislature:

Pursuant to Article V, Section 17, of the Michigan Constitution, I write to formally transmit to the Legislature the 2002 Government-to-Government Accord between the State of Michigan and the Federally Recognized Indian Tribes in the State of Michigan ("State-Tribal Accord"). I also transmit a copy of Executive Directive 2001-2, which is incorporated within the State-Tribal Accord. It is my hope that these documents will be published in the official journals of the Michigan House of Representatives and the Michigan Senate.

As these documents demonstrate, the relationship between the State of Michigan and the twelve federally recognized sovereign Indian tribes within our state continues to evolve and mature. I am proud of the many steps we have taken in recent years to improve this relationship. It is my hope that the principles articulated in the negotiated State-Tribal Accord will guide leaders of the state into the future. In that vein, I urge the leadership of the Michigan Legislature to create standing committees on State-Tribal Affairs, to provide a forum for legislative interaction and policymaking on the varied issues that confront the state and the tribes.

In addition to transmitting a copy of the State-Tribal Accord to the Legislature, I am also sending the original document to the Michigan Secretary of State for filing with the Office of the Great Seal of the State of Michigan. As each tribe ratifies the State-Tribal Accord, those ratified documents will also be transmitted to the Secretary of State.

Sincerely,

John Engler  
Governor

means for governments to resolve differences is through a process of discussion and negotiation, resorting to litigation only when this course is unavoidable.

In accordance with these operative facts, I hereby direct the following:

1. The Governor's Deputy Legal Counsel, or such other individual as the Governor may designate, shall serve as the Governor's Advisor on State-Tribal Affairs and be responsible for the implementation of this directive.
2. The Governor's Advisor on State-Tribal Affairs shall work with tribal representatives and representatives of the Executive Branch of the state of Michigan as may be appropriate to develop a State-Tribal Accord defining the relationship between the state of Michigan and the federally recognized tribes within her borders.
3. Each executive department having substantial interaction with tribal governments shall designate an individual serving in the executive office of that department to be responsible for department-wide coordination of the department's interactions with tribal governments. This coordinator shall regularly report departmental interaction to the Governor's Advisor on State-Tribal Affairs. This provision is not intended to supplant effective existing relationships with tribal governments. Likewise, it is not the intent of this directive to displace ongoing cooperative efforts and lines of communication between the state and tribes.
4. Each executive department engaged in a dispute with a tribal government and contemplating litigation shall first consult with the Governor's Advisor on State-Tribal Affairs and thereafter with that tribal government to negotiate a resolution prior to resorting to the court system.
5. The state of Michigan shall participate in an annual meeting at which appropriate representatives of the state and the tribes may work together to achieve mutual goals.
6. As Governor, I will support legislation to authorize intergovernmental agreements between tribal governments, state government and instrumentalities of the state.

Through cooperation, state and tribal governments can achieve more for all of our citizens, and when possible, avoid costly and disruptive disputes. It is my hope that these principles will guide the state of Michigan for many years to come.

(4) The development of strong, reliable government-to-government relationships between the state of Michigan and the tribes will be beneficial to all of the citizens of Michigan.

The tribes acknowledge that:

(1) The state of Michigan operates under authority granted by the United States Constitution and by the people of Michigan through the Michigan Constitution of 1963, and state laws and regulations;

(2) The state of Michigan is divided into three independent branches of government: executive, judicial, and legislative. Under the Michigan Constitution of 1963, the executive power is vested in the governor;

(3) The state of Michigan has a responsibility to provide for and protect the health, safety and welfare of all of the citizens of Michigan;

(4) Actions undertaken by the tribes that affect or may affect Michigan citizens who are not tribal members must be implemented in an informed and sensitive manner, respectful of individual rights; and

(5) The development of strong, reliable government-to-government relationships between the tribes and the state of Michigan will be beneficial to all of the citizens of Michigan.

#### **IV. PURPOSES AND OBJECTIVES**

This accord illustrates the commitment by the parties to implementation of the government-to-government relationship, a relationship reaffirmed as state policy on May 22, 2001, by Governor John Engler's Executive Directive 2001-2, "Policy Statement on State-Tribal Affairs." This relationship respects the sovereign status of the parties, enhances and improves communications between them, and facilitates the resolution of issues.

This accord commits the parties to the initial tasks that will translate the government-to-government relationship into more efficient, improved and beneficial services to Indian and non-Indian people. This accord encourages and provides the foundation and framework for specific agreements among the parties outlining specific tasks to address or resolve specific issues.

The parties recognize that implementation of this accord will require a comprehensive educational effort to promote understanding of the government-to-government relationship within their own governmental organizations and with the public.

Each tribe will develop and engage in an effective process for consultation with the state concerning tribal action significantly affecting state interests.

### **State-Tribal Forum and Task Forces**

The state and the tribes shall establish a State-Tribal Forum consisting of tribal government political leaders and their designees and the Governor's Policy Advisor on State-Tribal Affairs and appropriate officials from other executive departments of state government. The members of the forum will be charged with monitoring the implementation of this accord and organizing the annual meeting described below.

The parties can also form Tribal Leaders Task Forces on matters that impact tribes across the state on issue-specific matters such as education, natural resources or health care or any other issues of common concern. In each instance, the desirability of a Task Force and the composition of the Task Force shall be determined jointly by the state and the tribes. Each Task Force may develop its own reporting schedule and protocols and procedures.

### **Annual Meeting**

While this accord addresses the relationship between the parties, its ultimate purpose is to improve the services delivered to people by the parties. The parties shall meet on at least an annual basis to establish goals for improved services and identify the obstacles to the achievement of those goals. At the annual meeting, the parties will develop joint strategies and specific agreements to outline tasks, overcome obstacles and achieve specific goals.

As a component of the system of accountability within the state and tribal government, the parties will also review and evaluate at the annual meeting the implementation of the government-to-government relationship. A management report summarizing this evaluation will be drafted by authors selected by both the tribes and the state. The report will include mutually acceptable strategies and agreements to outline tasks, overcome obstacles, and achieve specific goals.

### **Accountability and Identification of Key Contacts**

The parties recognize that a key principle of their relationship is a requirement that individuals working to resolve issues of mutual concern are accountable to act in a manner consistent with this accord.

The Governor's Advisor on State-Tribal Affairs is accountable to the governor for implementation of the accord. Tribal coordinators within the executive departments are accountable to the governor through the director of their

under state or federal law. Through this accord, the parties strengthen their collective ability to successfully resolve issues of mutual concern.

While the relationship described by this accord provides increased ability to solve problems, it likely will not result in a resolution of all issues. Therefore, inherent in their relationship is the right of each of the parties to elevate an issue of importance to any decision-making authority of another party, including, where appropriate, that party's executive office.

Representatives of the signatory parties have executed this accord on the date of October 28, 2002, and upon its taking effect agree to be duly bound by its commitments. This accord is effective as between the state of Michigan and each individual signatory tribe at such time as the accord is approved pursuant to the applicable ratification process of that tribe. Upon tribal approval, each tribe shall send notice of approval to the Office of the Governor for filing with the Office of the Secretary of State of Michigan. This accord continues in effect unless modified by mutual agreement or terminated by any party. In the event that one or more tribal signatories, but less than all tribal signatories, terminates their participation in the accord, the accord shall continue in effect between the state and remaining tribal signatories.

Given under my hand and the Great  
Seal of the state of Michigan this  
13 day of December, in the Year  
of Our Lord, Two Thousand Two.

Furthermore, with regard to the Menominee Tribe's concerns regarding our ancestral place of origin, the identification and repatriation of Menominee tribal cultural items, and the impact on the health of the environment and water, I ask for meaningful consultation with the appropriate decision-maker throughout the long process under the authority of the EPA's own regulations and policies in accordance with Executive Order 13175-*Consultation and Coordination with Indian Tribal Governments* and *EPA Policy on Consultation and Coordination with Indian Tribes* respectively.

I would like thank you for your immediate attention to this very important issue and request a written response. If you have any questions, please contact me at your earliest convenience.

Joan Delabreau
